

Regeneron International Science and Engineering Fair – ISEF

The Regeneron International Science and Engineering Fair or ISEF is the world's largest pre-collegiate STEM completion. Students from over 75 countries participate at what has come to be known as the Olympics of Science Fairs. The winners of the Initiative for Research and Innovation in STEM (IRIS) National Fair represent our country as Team INDIA and have been shining bright at ISEF since the year 1999.

#TeamIndia with the Deputy Consulate General of India, Mr Madan Kumar Ghildiyal in Atlanta, GA, USA

Anagha Sampathkumar – 4th place Grand Award in Behavioural and Social Sciences category

IRIS National Fair

A program of EXSTEMPLAR Education Linkers Foundation, funded by The Department of Science and Technology, Government of India (DST) and Broadcom, the IRIS National Fair is an annual event where students of grades 5-12 compete to form Team India to represent the country at the Regeneron International Science and Engineering Fair held each year in the United States of America.
